GUY LINE BLOCKS

458

Guy Line Blocks

- Used on guy-lines to gain mechanical advantage through rapid take-up, taking less pull to guy down.
- Laser burned steel side plates, cold-finished steel pins, 6" steel sheaves.

Block No.	No. of Sheaves	Stock No.	Working Load Limit (t)	Sheave Diameter (mm)	Standard Wire Rope Size (mm)*	Weight Each (kg)
458	1	171619	5	152	13	9.5
